1-3. *Application.* This regulation is applicable to tenants in Low Income Elder and Tribally Owned Rental Homes.

**Section 2. Definitions**

2-1. *General.* For purposes of this regulation, certain terms are defined in this section. The word “shall” is always mandatory and not merely advisory. Unless defined elsewhere, terms defined in Chapter 1 through 6 and the Housing Commission Ordinance are considered as defined therein for purposes of this Chapter.

2-2. *Housing Department.* Where used in reference to responsibilities to provide maintenance services, the term “Housing Department” means a maintenance worker assigned to the Housing Department or an employee of the Little River Band Maintenance Department, as determined by agreement of the Departments.

**Section 3. Responsibilities**

3-1. *Responsibility of the Tribe.* The Housing Department is responsible for maintaining the housing units in a safe condition by performing regular inspections, doing preservative maintenance, conducting all necessary maintenance repairs and ensuring the productive and useful life of the housing units. The Housing Department is also responsible for long-term planning of major renovations and modernizations. All maintenance operations will provide for the prompt and efficient renovation of housing

units and for prudent use of labor, materials and other resources. The Housing Commission will establish and maintain standards for customer service through communication and dissemination of this written policy to the tenants. All “as-built” drawings, warranty documents, manufacturer’s instructions, service booklets, work orders, repair and replacement records, unit inspection records, purchase orders, invoices, preventive maintenance checks and other relevant documents will be retained in appropriate file to provide a permanent physical and financial history for each unit.

3-2. *Responsibility of the Tenant.* Each tenant is obligated to comply with all terms of the lease agreement, including maintaining the dwelling unit in good condition and appearance through proper housekeeping and ensuring continuous service of utilities, such as water/sewer, electricity and/or gas. This responsibility includes maintenance of landscaped grounds of the unit, lawn mowing, snow removal of sidewalks and entry ways, and, in general, maintaining a peaceful neighborhood, unless such services are otherwise provided by the Housing Department. Tenants may not damage their housing units through neglect or intentional acts, nor may they permit others to damage the housing unit. The tenant will be responsible for repairing all such damages at their own expense. If a tenant fails to make needed repairs within a reasonable amount of time, the Housing Department shall make the repairs and bill the charges to the tenant. As provided in the lease, tenants are responsible for all damages to the unit and leased premises, including damages caused by guests. Tenant must seek legal recourse against such parties to recover the cost of repairs and, if necessary, assist the Tribe in such recovery.

Upon receipt of such notice, the Housing Department will schedule and perform a pre-move out inspection with the tenant in attendance as agreed upon in the lease document. The move in inspection and inventory of furnishings will serve as the basis for comparison regarding the condition of the housing unit. Following the inspection the tenant will be advised in writing of repairs for which the tenant is responsible and the date by which the work must be completed. The Housing Department may provide assistance with respect to the nature and scope of required repairs. Tenants will be permitted to perform required repairs only if the Housing Department determines that they are qualified to do the work. All repair work must be completed in a professional-like manner to the satisfaction of the Housing Department, which shall inspect tenant’s repairs for quality and completeness. Any work not completed in a satisfactory manner by the completion date or move-out date will be completed by the Housing Department and billed to the tenant.

## **Section 4. Preventive and Routine Maintenance**

4-4. *Emergency Standby Coverage.* Standby maintenance coverage will be scheduled and posted at the Housing Department. After business hours the Housing Department will rotate standby assignments for maintenance staff to respond to emergency calls by tenants.
